## How do you play Bus Driver?

Bus Driver has been a museum hit for many years, and it's fun and easy to play. You can drive the bus through the city, stopping at all stops, obeying traffic rules, and making passengers happy, or you can go through red lights and crash as many times as you want—it's up to you! The cursor keys *up, down, left,* and *right* are the most important controls.

Action	Key
Steering Left	Left Arrow
Steering Right	Right Arrow
Throttle / Forward	Up Arrow
Brake / Reverse	Down Arrow
Doors	Enter
Left Signal	[
Right Signal	]
Hazard Flasher	F
Left Mirror	-
Right Mirror	=
Horn	H
Switch View	C
Screenshot	F10

Use the cursor keys (←, ↑, ↓, →) to navigate across menu items and buttons

Use the **Enter** key to activate a focused item, or to confirm a selection

Use the **Esc** key to go back to a previous menu, or to close a panel

When you're in the game, use the **F1** key to get help, mission information, and controls. The controls described here are the basic ones.
